## OWL VOTIVE HOLDER

 15 MINUTES  
OR LESS

### YOU'LL NEED

- ScanNCut or DesignNCut machine
- Owl Votive cutting file (see below)
- Standard mat
- Standard blade
- 1 sheet Gold foil card 12 x 12
- Double-sided tape

### SETTINGS

Blade depth 3

Cut pressure 0

These are suggested settings only.  
Always complete a test cut and adjust  
as needed before cutting design

Continue your theme with a matching owl gift tag. It's also available for free download

### LET'S START

#### test your settings

Smooth card onto a standard mat, foil side up. Test cut and adjust settings as needed.

#### cut the file

Load the file and cut 2 of the design to make one votive. Remove from mat.

#### fold and assemble

Crease along perforation lines. Apply double-sided tape to the foiled side of tabs. Remove backing paper from tape. Fold into votive shape and press tape in place. And you're done!

#### display

To light, fill with a battery operated tea-light candle.
